

Prediction freeze and blinded evaluation

Development studies: every prediction stage was frozen before registry results were retrieved.

Recorded study chronology

28 September 2026 | UTC

Study	Final prediction freeze	Results retrieved	First comparison recorded	Time before retrieval
Study 1 NCT04003610	16:49:01	16:49:36	16:51:58	35 s
Study 2 NCT04205799	14:52:26	16:49:43	16:50:12	117 min 17 s
Study 3 NCT04083170	15:25:25	16:50:21	16:50:42	84 min 56 s

All 10 prediction stages preceded retrieval in each study.

Time before retrieval = registry retrieval time minus the final prediction-freeze time.
